SKILLS

- Kotlin
- REST APIs
- Jetpack Compose
- Clean Architecture
- MVVM
- Coroutines
- PostgreSQL
- Git, GitHub

LANGUAGES

- Spanish (Native)
- Valencian (Native)
- English (Intermediate)

PROFILE

Android Developer with experience in Kotlin Multiplatform, Jetpack Compose and Clean Architecture. Two complete projects: one built in a professional environment under SCRUM and one as a final degree project with a custom REST backend in Ktor + PostgreSQL. Convinced that clean code is the only way to scale.

WORK EXPERIENCE

Axarnet

Android Developer

02/2026-05/2026
